

Lions and tigers: who is stronger?

Discover how these amazing big cats live, run, and play.

Two big cats

Here is a lion. Here is a tiger. Both are big. Both are strong. So who is stronger? Let's find out together!

Far, far apart

Lions live in sunny, open grassland. Tigers live in shady, green forests. Their homes are far, far apart. So lions and tigers never meet in the wild!

Who is bigger?

Let's stand them side by side, like friends on a growth chart. One is usually a little longer and heavier. Which one do you think?

TALK ABOUT IT

Which big cat is usually bigger?

Tiger is a bit bigger

Peek! The tiger is usually a little longer and heavier. A big tiger is as long as a sofa! The tiger hunts all alone. Its stripes help it hide in tall grass, and it is a strong swimmer too.

Lions are strong together

Lions have a different kind of strong. They live in a big family called a pride. They rest together, play together, and hunt together. Teamwork makes them strong!

TALK ABOUT IT

Can you find the lion cubs?

Both are strong

So who is stronger? The tiger is a bit bigger and strong all on its own. The lion is strong with its family. Lions and tigers don't fight each other. Each one is strong in its own way!

TALK ABOUT IT

Lions and tigers fight each other in the wild. True or false?
